

Latina Symposium Information Tables Regulations

The 4th. Annual Latina Symposium will be held at North Seattle College on Saturday, May 13, 2017, from 10:00 a.m. - 4:00 p.m.

The Latina Symposium offers a unique opportunity to the Latino community. The symposium creates networking opportunities for all attendants, regardless of their level of assimilation. Our vision is to empower women with the essential tools that will allow them to take control of their lives. A key component of this event is to honor women who are leading projects and programs that empower Latino families.

By sponsoring the Latina Symposium, your organization is contributing to the Latino community by increasing the support network for Latino women.

With a \$400.00 contribution you will be assigned a larger table with more visibility. A \$200.00 contribution will assign your business a smaller table with less visibility. An invoice will be sent to you prior to purchasing a table. **Please make checks out to: NSC Parent Advisory Council. Please indicate in memo line: Latina Symposium 2017**

Checks can be sent to:
